## Year 1 & 2 Challenge!

### Linked to Learn! 10 - Bouncing

You have been busy practicing your bouncing. Are you ready to take part in our challenge?

### Bumble Bee Bounce

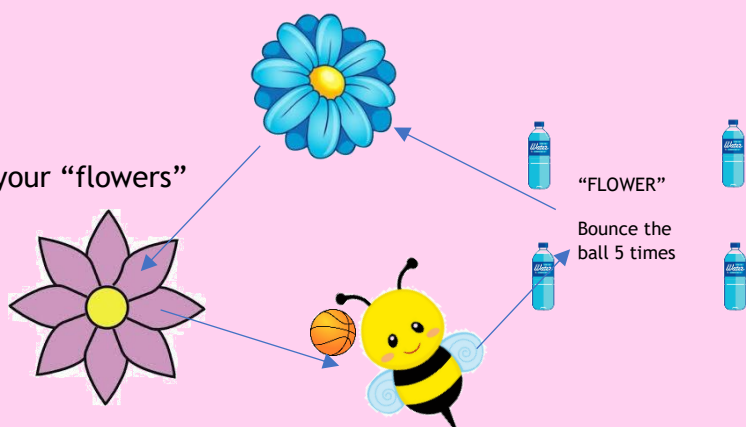

How fast can you bounce a ball from flower to flower, landing on each flower and collecting your pollen?

#### You will need:

Stopwatch or mobile phone

12 toys or household items to mark out your “flowers”

Ball

#### How to:

- Set up 3 areas out in your space with household objects, around 2 metres square each, these are your flowers and you are the Bouncing Bumble Bee.
- The Bumble Bee travels to each flower and collects the pollen and moves on.
- The timer starts, and the players sets off bouncing the ball towards the first “flower”. Stop when you get there and bounce the ball 5 times.
- Once done, move on to the next “flower” and repeat.
- Repeat again for the last flower then return to the beginning.
- The clock stops and make a note of the time. Try to beat your time on the next go.
- Don’t worry if you stop bouncing just pick the ball up and continue.

### Video Demonstration

#### Share your videos and photos with us:

We want to see you trying this challenge at home, please share your videos and photos to;
